Message From The Chairman's Pen

Dear Friends,

“All the flowers of tomorrow are in the seeds of today”, says an ancient proverb. To visualize those flowers in the seed is genius. Each one of us carries the seed of genius in us - genius writers, artists, scientists, musicians, designers, inventors, and all sorts of geniuses. Who is to be labeled as the greatest genius in the world doesn't matter. The only genius who matters is YOU; yes, the greatest genius in the world is you. So, research, renovate, and reinvent yourself continuously. Believe in yourself. Train your Brain. It is like physical training. Your physical appearance doesn't matter. You can transform yourself and become smart. Discover in yourself the genius you are. Your contribution to school activities is a glimpse of the genius in you. On behalf of the Genius Group of schools, I convey my greetings to you and your family members. “A very happy and prosperous Diwali”. Wear a mask in public places and maintain social distancing to keep others happy. Derive your happiness by serving your parents, and near and dear ones. Share happiness so that it may double. Avoid the use of crackers and take care of the fragile environment.

- D.V. Mehta

From The Editor's Desk

A significant journey of a thousand miles often begins with a single purposeful step. We offer a safe and invigorating environment for young minds to evolve, explore and expand. The school aims to ignite in its students the desire to develop a lifelong habit of learning. The motto of the school is ‘Genius Don't Do Different Things, They Do The Things Differently’. We provide our students with a variety of facilities to enhance their skills and maximize their potential.

Our children are our strength and inspiration. Each child is a fountainhead of curiosity, which we recognize and respect. At Genius Group of Schools, we provide learning in an environment that not only stimulates their intellectual growth but also ensures a robust moral edification. We encourage our children to turn their ideas and passions into something original and valuable. Having said that, it must also be acknowledged that we are a school with a mind, a heart, and a soul which is intrinsically Indian. Deeply ensconced in the tradition of the land, we take pride in remaining rooted in our cultural identity while imparting an educational experience that is world-class in every respect and which prepares children for global citizenship.

As we take firm strides into the future, it will be our lifelong aim to produce leaders who will not only be trailblazers in their chosen field but also have the courage to be instruments of change.

Ganesh Chaturthi Celebration

Genius™ SUPER KIDS

Genius Super Kids had celebrated the wonderful 10 days festival of Ganesh Chaturthi and sought the blessings of Lord Ganesh. Last day of Ganesh festival, Genius Super Kids also organized Maha Aarti celebration and all present staff members and students enjoyed Maha Aarti and wished to "Agle Baras tu Jaldi Aana".

Ganesh Chaturthi Celebration

Clay Idol Making @ *Genius* KIDS KINGDOM

Students of Pre-primary section of Genius Kids Kingdom made wonderful and amazing clay idols of Lord Ganesha, and filled different colors with spontaneous creativity. All students of Pre-primary section learnt the meaning of clay Idol meaning and seek blessings of Lord Ganesha on this auspicious festival. All students enjoyed this creative activity.

Ganesh Chaturthi Celebration

Ganesh Idol Making @ JAY INTERNATIONAL SCHOOL

Ganesh Chaturthi is a festival that is celebrated with utmost pride and enthusiasm every year.

Jay International School also planned a celebration to celebrate the birth of Lord Ganesha. In the School arena, students of Pre-primary and Grade 8th to 10th prepared eco-friendly idols of Ganesha and prayed for the worship. Staff members and students had become part of aarti and celebration and felt overjoyed during this festival celebration.

Genius™ School

Teachers' Day Celebration

As 5th September is celebrated every year to mark the birth anniversary of Dr. Sarvepalli Radhakrishnan. Educators are pillars of not only the education system but also they are makers of students' bright future. Genius School had organized this wonderful day to celebrate the birth anniversary and Teachers' Day. All academic and non-academic staff members enjoyed this day, and also students got to learn about teachers' lives and understood their values in their lives. Teachers also had taken oath to respect their profession.

JAY INTERNATIONAL SCHOOL

Teachers' Day Celebration

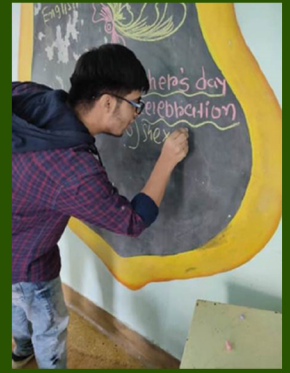

As this Teachers' Day comes once in a year, to celebrate the most important day of teachers' life, Jay International School made marvelous celebration of Teachers' Day with the theme in honor teachers who play always vital role in students' life, Students also participated and became teacher to celebrate this wonderful day, and they got learnt about life of teacher as well.

Genius™ SUPER KIDS

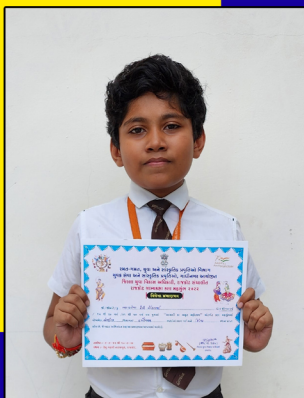

Teachers' Day Celebration

Students of Genius Super Kids celebrated Teachers' Day innovatively and they made good memories of this beautiful day. Students participated in Teachers' Day Celebration, they not only learned about how hard teachers' job but also understood the meaning of teaching as well. Students played a creative role as teachers and enjoyed this day a lot. Teachers of Genius Super Kids rejoiced also.

There was chaos, commotion among the students and they enjoyed the Treasure Hunt Competition.

Whats up @ *Genius* KIDS KINGDOM

Recognition and Pasting Domestic Animals

To sharpen the memory of Nursery students of Genius Kids Kingdom, the Pre-primary section designed the activity recognition and pasting domestic animals with the help of the teacher. The main aim behind this activity was to educate students in their surroundings animals, which are known as domestic animals.

Learning Traffic Rules

Traffic rules are most essential part for human lives, as a human we have to follow this. To explain meaning of traffic rules, Genius Kids Kingdom planned activity to teach Pre-primary students about traffic rules and signal rules with the help of educators.
